THE BEACH BOYS

SUMMER HOLIDAY SHOW!

In 1961 three young brothers from California, their lanky cousin and a friend from school formed a vocal group and hit upon the idea to write a song about a recent local fad; surfing.

Ladies and Gentlemen... introducing "The Beach Boys".

A string of songs led from the success of that first record. "Surfin' USA", "I Get Around", "Little Deuce Coupe", "California Girls" and many others have since been hailed as classics.

Although it was the ideas of sun, surf and the Californian dream that helped push the songs up the charts, the boys outstanding harmonies and increasingly complex vocal arrangements (by the eldest brother, Brian) were what set them apart.

With ever changing styles and inventive orchestration, songs such as "Good Vibrations" and seminal albums like "Pet Sounds" ensured that the band go down in history as one of pop music's finest.

With over 80 songs that have charted worldwide and in excess of 100 million records sold, the group hailed as "America's Band" are undisputedly one of the world's best-selling bands.

As if their musical history wasn't enough, 2015 see's the release of "Love & Mercy", a major motion picture about their story which will surely send interest in "The Beach Boys" to a new level!

The Australian based "Beach Boys' Summer Holiday Show" has been performing for nearly three years. Combining the upbeat dance songs of "The Beach Boys" with a string of classic Summer hits, this show is not one to miss!
